AE2S (Advanced Engineering & Environmental Services, Inc.)

(23)

Water Tower Pl Business Ctr.
6901 East Fish Lake Rd, Ste 184
Maple Grove, MN 55369-
Phone: 763/463-5036
Fax: 763/463-5037
Web Site: www.ae2s.com
E-Mail: andrea.boe@ae2s.com

2016 Washington St. S
Grand Forks, ND 58201-
Phone: 701/746-8087
Fax: 701/746-0370

3101 Frontage Rd S
Moorhead, MN 56560-
Phone: 218/299-5610
Fax: 218/299-5611

PRINCIPALS: Grant Meyer, PE; Eric Dodds, PE
FIELD OF PRACTICE: Environmental (Water and Wastewater) and Civil

ACTIVITIES: AE2S is a specialized civil/environmental consulting engineering firm that primarily provides water, wastewater, and stormwater system consulting services (representing approximately 90 percent of our business). In addition, we also provide value-added services such as financial analysis and utility rate planning (AE2S completes an Annual Utility Rate Survey for Cities in the Upper Midwest), funding development, vulnerability assessments, modeling, instrumentation and controls, information technology, and asset management. Among our offices in MN, ND, and MT, AE2S has a staff of approximately 90 engineers, instrumentation and controls technicians, civil technicians, surveyors, financial analysts, computer programmers, and administrative personnel.

AECOM

(64)

161 Cheshire Lane North, Suite 500
Minneapolis, MN 55441-
Phone: 763/852-4200
Fax: 763/473-0400
Web Site: www.aecom.com
E-Mail: info@aecom.com

322 Minnesota Street, Suite E-1000
St. Paul, MN 55101-
Phone: 651/222-0841
Fax: 651/222-8914

PRINCIPALS: Richard P Wolsfeld, PE; Michael T Russell, PE,; Rex A Brejnik, PE; Roger A Clay, PE; Robert L DeGroot, PE; James H Overtom, PE; Patrick J Watz, PE

FIELD OF PRACTICE: Design & Planning, Energy, Transportation, Program Management, Water, Geotechnical, Civil, Environmental, Construction Technology

ACTIVITIES: AECOM's local offices specialize in transportation design and project management, geotechnical engineering, civil engineering and consultation: subsurface exploration and geophysical exploration, soil borings, geophysics, embankment design and stabilization, slope stability analysis, foundation design, soils, geologic and hydrogeologic studies, geosynthetics, soils laboratory, coastal engineering and dam engineering. Environmental engineering and consultation: Phase I and II environmental site assessments, remedial investigation, remedial corrective action design, toxicology, hydrology, hydraulics, hydrogeology, drinking water, wastewater, water reuse, groundwater studies and sampling, stormwater,

wetland delineation and mitigation, underground and aboveground storage tanks, air quality, spill response plans, septic system design, evaluations and improvement. Construction technology and engineering: materials testing, non-destructive testing, pavement design, evaluation and improvements.

Alliant Engineering, Inc.

(32)

233 Park Avenue S.
Suite 300
Minneapolis, MN 55415-1108
Phone: 612/758-3080
Fax: 612/758-3099
Web Site: www.alliant-inc.com
E-Mail: bgreen@alliant-inc.com

PRINCIPALS: John Dillingham, Clark Wicklund, Bob Green, Dennis Olmstead

FIELD OF PRACTICE: Transportation, Civil Engineering, Land Development, Surveying

ACTIVITIES: Alliant Engineering is a multi-disciplinary firm providing consulting services in the areas of transportation and land development, including civil engineering, landscape architecture, environmental, surveying, roadway and highway design, traffic engineering and planning, and Intelligent Transportation Systems planning, design and implementation.

AMEC Geomatrix

(12)

14525 Highway 7
Suite 104
Minneapolis, MN 55345-
Phone: 952/935-1010
Fax: 952/935-1254
Web Site: www.amecgeomatrix.com
E-Mail: chris.thompson@amec.com

PRINCIPALS: Chris Thompson, PE; Eric Tollefsrud, PG

FIELD OF PRACTICE: Civil, Environmental and Geotechnical

ACTIVITIES: Geomatrix is a diversified technical consulting and engineering firm with offices throughout North America, and affiliates throughout the world. Formed in 1984, Geomatrix has a professional staff of more than 450 engineers, scientists, and technical experts. Industries represented among our clients include oil and gas, petrochemicals, food, agriculture, financial services, real estate development, and the legal community. We also perform services for utilities and water districts, and for the U.S. Federal, state, and local governments.

PRINCIPALS: Robert Kaiser, Robert Kroogsgaard, CFO, Dan Larson, PE; Michael Schmidt, PE; Richard Stehly, PE; Robert Struve, PE; Terrance Swor, PG; Thomas Venema, PE; Jeffrey Voyen, PE

FIELD OF PRACTICE: Environmental, Geotechnical, Environmental, Materials, Forensic and Petrographic Consulting and Laboratory Service

ACTIVITIES: AET is an employee-owned corporation founded in 1971. AET engineers, geologists, scientists and certified technicians investigate, analyze, monitor and test the built and natural environments to assist owners, consultants and contractors with the design, construction and restoration process. **ENVIRONMENTAL:** Phase I and II ESAs, wetland services, air emissions control, remedial investigations, corrective action design and asbestos and hazardous materials surveys. **GEOTECHNICAL:** Subsurface exploration reports and recommendations, pavement management, pile driving analysis (PDA). **MATERIALS:** Engineering evaluation and consultation, field and laboratory testing, quality assurance/control observation and testing, IBC Special Inspections, nondestructive testing. **FORENSIC:** Failure/distress investigation, historic preservation/restoration, building envelope assessment. **PETROGRAPHIC:** Hardened concrete analysis, aggregate and material testing.

Anderson Passe & Associates

(13)

1611 County Highway 10 NE
Spring Lake Park, MN 55432-
Phone: 763/780-4100
Fax: 763/780-5200

Web Site: www.andersonpasse.com

PRINCIPALS: Derrick Passe, PE; Brent Roshell, PE; Dale Anderson, RLS; Mark Maistrovich, RLS; Mark Kretschmer, PE

FIELD OF PRACTICE: Civil, Land Surveying, Water Resources

ACTIVITIES: Consulting services for private developers, design of sanitary sewer, water main, streets, storm drainage, wetland alteration, site grading, land surveying, construction staking, boundary and topographic surveys.

Applications Research, Inc.

(1)

4927 St. Croix Ave.
Golden Valley, MN 55422
Phone: 763/521-0217
Fax: 763/521-0269

Web Site: www.applicationsresearch.com

E-Mail: jmb@applicationsresearch.com

PRINCIPALS: John M. Berner, PE

FIELD OF PRACTICE: Mechanical/Industrial/Electrical

ACTIVITIES: Consumer and business product design. Electrical and mechanical control system design. Vibration, fatigue and structural analysis. Mechanical power transmission, food-processing equipment, vehicles. Equipment safety, U.L. and other standard approval studies, manufacturing process analysis and factory automation systems. Mechanical/electrical software programming.

Armstrong, Torseth, Skold and Rydeen

(80)

8501 Golden Valley Rd., #300
Minneapolis, MN 55427-4414
Phone: 763/545-3731
Fax: 763/525-3289

Web Site: www.atsr.com

E-Mail: support@atsr.com

PRINCIPALS: Paul Erickson, Jim Lange, Terry Stofferahn, Gaylen Melby, Dan Cincoski,

FIELD OF PRACTICE: Mechanical, Electrical and Civil Engineering; Architecture, Planning, Interior Design, Landscape Architecture, Technology

ACTIVITIES: A full-service architectural/engineering firm founded in 1944. Offer services in educational planning, architecture, landscape architecture, mechanical engineering, electrical engineering, civil engineering, interior design, technology, specifications and construction administration. The firm's primary focus and extensive experience is educational facilities with projects throughout the United States.

Ayres Associates Inc

(11)

2701 W. Superior St., Suite 110
Duluth, MN 55806-

Fax: 573/638-5001

PRINCIPALS: Douglas W. Barr, John P. Borovsky, Doug E. Connell, Nancy J. Dent, Alan J. Fandrey, Dan J. Fetter, Dale W. Finnesgaard, Bill J. Forsmark, Al M. Gebhard, Mike J. Hansel, John O. Hanson, Beth T. Havlik, Jim P. Herbert, Mark W. Hibbs, Gregory D. Keil, Steven M. Klein, Chris A. Kopchynski, Leonard J. Kremer, Jim S. Langseth, Harry F. Larson, John T. Lee, Brian K. LeMon, Brad J. Lindaman, Dean T. Malotky, Steve E. Marshik, Tom D. Mattison, Nels P. Nelson, Robert C. Obermeyer, Rick J. Palm, Teresa J. Perry, George J. Pruchnofski, John E. Quist, Tom J. Radue, Clifton G. Rasch, David C. Rian, Ellen K. Richard, Don E. Richard, Henry M. Runke, Tim M. Russell, Mike R. Shoberg, Brian A. Sillanpaa, Timothy W. Skoglund, Philip B. Solseng, Lori L. Stegink, Paul T. Swenson, Joel A. Trinkle, Dan E. Umfleet, Dave J. Wilde, Ray W. Wuolo, Mike J. Ziemba

FIELD OF PRACTICE: Civil, Environmental, Chemical, Hydraulic, Structural, Industrial, Electrical, Mechanical and Geotechnical Engineering; Chemistry, Geology, Hydrology, Hydrogeology, Limnology, Biology, Soil Science and Atmospheric Science
ACTIVITIES: ASSESSMENT AND REMEDIATION: Site investigation and remediation; feasibility studies; waste characterization; property assessments; groundwater modeling. AIR QUALITY: Permitting assistance; regulatory analysis; dispersion modeling; stack testing; emission control. FACILITIES AND INFRASTRUCTURE: Dams; hydraulics; landfills; task management; waste minimization studies; mineland reclamation; tailing basins; foundations. PROCESS DESIGN: Design of the following types of systems: materials handling, transport and storage; treatment and processing for air, waste and water; HVAC; electrical power and controls; process controls. WATER RESOURCES: Water quality; watershed investigations; flood control; algae and milfoil surveys; NPDES permit assistance; wetland delineation, mitigation and permitting.

Bass Associates

(1)

13533 Larkin Dr.
Minnetonka, MN 55305
Phone: 952/544-6079
Fax: 952/544-6079
Web Site: www.bassengineering.com
E-Mail: jmb@bassengineering.com

PRINCIPALS: John M. Bass, PE

FIELD OF PRACTICE: Forensic & Reliability Engineering

ACTIVITIES: Bass Associates provides complete forensic and reliability engineering services including field investigation, failure

analysis and FMEA. John Bass is licensed and registered as both an electrical and mechanical engineer and has extensive experience resolving complex problems involving electrical, electronic and mechanical systems.

R.W. Beck

(14)

1380 Corporate Center Curve, #305

E-Mail: dberg@rwbeck.com

PRINCIPALS: D. A. Berg

FIELD OF PRACTICE: Civil, Computer, Electrical, Mechanical, Energy Conservation & Communications, Hydraulics, Hydrology, Solid Waste, Structural, Industrial, Commercial

ACTIVITIES: Power supply planning; hydro and thermal generation; electric transmission and distribution, electric rate studies, financial and technical feasibility studies; dams; water supply, storage, distribution and treatment; irrigation systems; wastewater treatment; solid waste management; site studies and planning; streets, drainage; industrial facilities design; valuations and appraisals.

BKBM Engineers, Inc.

(27)

5930 Brooklyn Blvd.
Minneapolis, MN 55429-2518
Phone: 763/843-0420
Fax: 763/843-0421
Web Site: www.bkbm.com
E-Mail: bkbm@bkbm.com

PRINCIPALS: Thomas J. Downs, Ronald J. LaMere, Roger L. Oberg, Andrew M. Rauch, John B. Thiesse, Thomas J. Cesare

FIELD OF PRACTICE: Structural, Civil, Restoration, Facilities Management, Construction Management

ACTIVITIES: Civil, structural, and restoration consulting services for buildings, ramps and industrial facilities. Structural design and investigations for buildings, and parking garages/ramps. Historic building preservation and evaluation studies.

Black & Veatch Corporation

(10)

5500 Wayzata Blvd., Suite 675
Minneapolis, MN 55416
Phone: 952/545-6695
Fax: 952/545-6590
Web Site: www.bv.com

PRINCIPALS: Chad Hill, PE

FIELD OF PRACTICE: Water and wastewater design, distribution and collection system design and master planning. Civil, process, mechanical, electrical, instrumentation and control, architectural and financial planning.

ACTIVITIES: Black & Veatch Corporation is a leading global engineering, construction and consulting company specializing in infrastructure development in the fields of energy, water and information. Founded in 1915, Black & Veatch serves its clients with conceptual and preliminary engineering services, engineering design, procurement, construction, financial management, asset management, information technology, environmental, security design and consulting, and management consulting services.

The water sector provides innovative, technology-based solutions to utilities, governments and industries worldwide. Local project managers work with a global team of water and wastewater treatment process experts to address site-specific challenges through a broad range of consulting, study, planning, design, design-build and construction management services. The employee-owned company has more than 100 offices worldwide.

FIELD OF PRACTICE: Civil, Construction Management, Commissioning,

Communications, Electrical, Energy Conservation, Environmental, Fire Protection, Geotechnical, Mechanical, Municipal, Structural, Surveying and Transportation

ACTIVITIES: Comprehensive professional engineering and design-build services for private industry and government. Major service sectors include: aviation; civil works; community development; air quality; transportation; hazardous and solid waste management; water supply and water resources; stormwater management and flood control; wastewater; environmental studies; military and defense facilities, commercial, institutional, & industrial facilities; security systems; industrial energy; power generation, transmission, and distribution; chemical process; petrochemicals and food, management services, healthcare facilities.

Cain Ouse Associates, Inc.

(10)

1310 E. Hwy. 96
White Bear Lake, MN 55110
Phone: 651/426-9549
Fax: 651/426-5048
Web Site: www.cainouse.com
E-Mail: jcain@cainouse.com

PRINCIPALS: Jay J. Cain, Wallace M. Ouse, Scott D. Thomas

FIELD OF PRACTICE: Mechanical and Electrical Engineering

ACTIVITIES: Mechanical and electrical engineering including design and construction support for commercial, industrial and institutional applications. This includes schools, hospitals, factories, restaurants, offices, multifamily housing, and casinos and the fire protection, HVAC, plumbing, piping, lighting, electrical distribution, control, automation and communications systems required for those facilities. Services are also provided for street lighting, athletic lighting, energy conservation projects as well as commissioning.

ACTIVITIES: Hallberg Engineering specializes in mechanical, electrical, technology, and facility management engineering services for educational, commercial, retail, institutional, hospitality and government facilities. Mechanical services include HVAC and plumbing design, ventilation audits and system modification to improve indoor air quality. Electrical and technology services include design for power distribution, lighting, fire alarms, security systems and technology infrastructure. Our commissioning group performs mechanical and technology commissioning for new and existing facilities. Our sister company, Energy Efficiency Programs, Inc. Schools for Energy Efficiency (SEE) program provides schools with tools to save energy and money through communicating and implementing energy efficient strategies.

Phone: 612/238-3805
Fax: 612/238-3806
Web Site: www.heyer-eng.com
E-Mail: dave@heyer-eng.com

PRINCIPALS: Jim Heyer, PE

FIELD OF PRACTICE: Structural

ACTIVITIES: Heyer Engineering was founded in 1983 with offices in Minneapolis, MN and Fargo, ND. We specialize in structural engineering using cutting edge technology, innovation and experience to create design solutions for a myriad of projects of nearly every scope and tone. Heyer Engineering has completed more than 5,000 projects in 40 states, including all types of occupancies and construction materials. Projects range from simple one-story buildings to a complex \$25 million Northwest Aerospace Training Center for Northwest Airlines in Eagan, MN, the \$78 million Innovis Health medical center in Fargo, ND, and the \$100 million Ralph Engelstad Hockey Arena at UND in Grand Forks, ND.

We have designed projects for several Government agencies including the North Dakota and Minnesota Army and Air National Guard, the US Postal Service, US Air Force, North Dakota, Minnesota, and Wisconsin Board of Higher Education, the Veterans Administration and the GSA.

Web Site: www.oaconsulting.com

PRINCIPALS: Brandon S. Anderson

FIELD OF PRACTICE: Civil Engineering, Land Planning, Municipal Engineering, Survey, Transportation/Traffic, Water Resources, Environmental, Urban Planning, Landscape Architecture
ACTIVITIES: Olsson Associates offers civil, municipal, water resources, transportation, traffic, urban planning, comprehensive and land planning, landscape architecture, environmental, structural, specialty lighting, power electrical, airport, mechanical/electrical, surveying, construction observation, automation and technology, GIS, mapping, and public involvement services.

Oswell Engineering and Consulting, LLC

(1)

1901 E. Hennepin Ave., #210
Minneapolis, MN 55413
Phone: 612/720-4639
Fax: 612/886-2966
Web Site: www.oswellec.com
E-Mail: craigoswell@oswellec.com
PRINCIPALS: Craig Oswell, PE

FIELD OF PRACTICE: Structural design and analysis of new and existing commercial and residential structures, including distress reviews and owner/contractor project assistance

ACTIVITIES: Founded in 2009 by Craig Oswell, PE, Oswell Engineering and Consulting is a structural design firm serving all aspects of the commercial, industrial, and residential markets. Known for creative and cost-effective design solutions, the firm utilizes extensive hands-on experience and connections within the construction industry to deliver exceptional owner solutions, regardless of the project's size. Services include new, remodel, and expansion designs, component designs, construction documents, and construction observation. Base services emphasize our expertise in the design of foundations, retaining wall systems, and residential construction, while specialty services include Code consulting, plan review, expert witness/testimony, and emerging product review. Other consulting services available are project administration, feasibility reviews, schematic design assistance, and project cost estimating.

Palanisami & Associates, Inc.

(20)

5661 International Pkwy.
Minneapolis, MN 55428
Phone: 763/533-9403
Fax: 763/533-9586

E-Mail: eng@palanisami.com

PRINCIPALS: P. Palanisami, R. S. Pandian

FIELD OF PRACTICE: Civil, Structural, Geotechnical, Mechanical and Electrical Engineering

ACTIVITIES: Multi-disciplinary firm provides services to public and private clients in the areas of civil engineering, including site grading, storm water management, parking lots, roadways, sewer and water; mechanical engineering, including HVAC, plumbing, refrigeration and fire protection; electrical engineering, including lighting and power systems, power controls, power distribution for equipment, building modernization, system low voltage, audio, video and security wiring; structural engineering, including commercial and industrial buildings, total design of parking facilities, and consulting to precast concrete producers; geotechnical engineering and quality control testing, including soil borings, foundation engineering, slope stabilization, field and laboratory quality control testing.

PARSONS

(15)

60 South Sixth Street, Suite 2450
Minneapolis, MN 55402
Phone: 612/656-7000
Fax: 612/656-7001

Web Site: www.parsons.com

E-Mail: vincent.gastoni@parsons.com

PRINCIPALS: Vince Gastoni, PE; David F. Peterson, PE

FIELD OF PRACTICE: Civil and Highway Engineering, Structural/Bridge Engineering, Environmental, Traffic and Transportation Engineering, Design/Build.

ACTIVITIES: The Minneapolis office of PARSONS provides comprehensive services in highway and structural bridge engineering, design/build, traffic engineering, parking planning and design, environmental impact analysis, wetland management services, landscape architecture/urban design; transportation planning and rail transit planning and design. PARSONS' tradition of excellence is demonstrated by more than 30 years of quality service to clients in Minnesota.

Parsons Brinckerhoff

(20)

510 - 1st Ave. North, #550
Minneapolis, MN 55403
Phone: 612/371-0443
Fax: 612/371-4410

Web Site: www.pbworld.com

PRINCIPALS: Laura M. Amundson, PE

FIELD OF PRACTICE: Transportation & Public Works Engineering
ACTIVITIES: Planning, design and construction management of transportation projects including highways, interchanges, transit systems, railroads, bridges and tunnels, water resources and other civil and structural infrastructure.

Paulson & Clark Engineering, Inc. (15)

2352 East Country Road J
White Bear Lake, MN 55110
Phone: 651/407-6056
Fax: 651/407-6476

Web Site: www.paulsonclark.com
E-Mail: jpjille@paulsonclark.com

PRINCIPALS: Daniel S. Paulson, PE; Bruce A. Clark, John Paul Gille, PE, Dennis G. Goodno, PE, John D. Mooney

FIELD OF PRACTICE: Electrical, Structural, Mechanical Engineering, Security and Technology Systems Design

ACTIVITIES: Paulson & Clark Engineering is a multi-discipline consulting engineering firm. We work on large and small building projects of all types, including: commercial; governmental; health care; industrial; institutional; maintenance and park buildings; churches; schools; and parking facilities. In addition to providing traditional mechanical, electrical, and structural building engineering services, we provide up-front consulting, design and specification, and implementation services for security (integrated systems, wide area networks systems, access control, closed circuit TV, intrusion detection, intercom, and fiber optics) and technology (voice/data, audio/visual, structured cabling, network, and telephone) systems.

PBS&J (1)

Fax: 507/645-2393

Web Site: www.profdesign.com
E-Mail: jbraucher@profdesign.com

PRINCIPALS: Jim D. Braucher

FIELD OF PRACTICE: Structural Engineering, Architecture

ACTIVITIES: Structural engineering and architecture for commercial,

industrial, and municipal clients. Engineering services include structural evaluations, feasibility reports, analysis and design, construction documents and construction review. Program and project management for industrial/manufacturing sector.

Progressive Consulting Engineers, Inc. (11)

6120 Earle Brown Dr., #629
Minneapolis, MN 55430
Phone: 763/560-9133
Fax: 763/560-0333
E-Mail: pce@pce.com

PRINCIPALS: Naeem Qureshi, Nuzhat Qureshi, Lance Newman

FIELD OF PRACTICE: Civil, Environment, Municipal, Transportation

ACTIVITIES: A professional engineering firm that serves public and private clients in the design of site grading, water main, storm sewer, sanitary sewer and roads. The firm also specializes in the drinking water arena, which includes water quality studies, corrosion studies, water treatment plant operational review and water rate studies. The firm has experience in the design of water wells, booster stations, storage, water distribution system modeling, water treatment plans and wellhead protection plans.

Rani Engineering, Inc. (18)

2912 Anthony Lane, Suite 100
Minneapolis, MN 55418-3239
Phone: 612/455-3322
Fax: 612/455-3321

Web Site: www.rani.com
E-Mail: srani@rani.com

PRINCIPALS: Susan P. Rani, PE

FIELD OF PRACTICE: Transportation, Water Resources, Water Treatment, Wastewater Treatment, Environmental, Land Surveying

ACTIVITIES: Established in 1993, Rani Engineering plans, designs and

supports construction of infrastructure for private and public clients:

site development, roadway and transit way design, route studies, hydrologic and hydraulic modeling (HEC RAS, SWMM) of urban and rural areas, EA/EAW and EIS preparation and environmental permitting, Global Positioning System/Total Station field data collection with GIS/CAD integration, topographic mapping, ALTA and construction surveying services, construction estimating and scheduling.

Reigstad & Associates, Inc. (28)

192 W. 9th St.
St. Paul, MN 55102-1033

PRINCIPALS: Kristine A. Kubes

FIELD OF PRACTICE: Law

ACTIVITIES: Kristine A. Kubes is the principal of the Kubes Law Office, PLLC, serving design and construction professionals. Kristine helps clients strengthen their businesses. She concentrates her work on design defense/ litigation and proactive construction counseling. Services include defending clients against professional liability and general liability claims, addressing and cooperatively resolving project management, risk management, and payment issues, mechanic's liens, and entity set-up. Integrated with her construction practice, Kristine is a qualified neutral who mediates construction disputes during and after the project. Kristine serves as a public member and Chair of the MN Board of Architecture, Engineering, Land Surveying, Landscape Architecture, Geoscientists & Interior Design.
