**Advanced Consulting & Inspection, LLC (3)**

10621 165th St. W. Suite A  
Lakeville, MN 55044  
Phone: 952/435-1068  
Fax: 952/435-7844

Web Site: [www.aci-eng.com](http://www.aci-eng.com)  
E-Mail: [patricias@aci-eng.com](mailto:patricias@aci-eng.com)

**PRINCIPALS:** Mark Soderlund, PE

**FIELD OF PRACTICE:** Forensic and structural analysis of commercial, industrial, and residential structures and mechanical systems.

**ACTIVITIES:** Consulting, analysis, and forensic inspection of commercial, industrial and residential structures. Due diligence of commercial and industrial structures. Consulting, analysis, and investigation of mechanical systems. Structural analysis and design of wood-frame construction. Moisture intrusion investigations. Litigation support.

**Alliant Engineering, Inc. (36)**

233 Park Avenue S.  
Suite 300  
Minneapolis, MN 55415-1108  
Phone: 612/758-3080  
Fax: 612/758-3099

Web Site: [www.alliant-inc.com](http://www.alliant-inc.com)

**PRINCIPALS:** William Cody, PE; Robert Kaiser, Robert Kroogsgaard, Dan Larson, PE; Michael Schmidt, PE; Richard Stehly, PE; Robert Struve, PE; Terrance Swor, PG; Thomas Venema, PE; Jeffrey Voyen, PE

**FIELD OF PRACTICE:** Environmental, Geotechnical, Environmental, Materials, Forensic and Petrographic Consulting and Laboratory Service

**ACTIVITIES:** AET is an employee-owned corporation founded in 1971. AET engineers, geologists, scientists and certified technicians investigate, analyze, monitor and test the built and natural environments to assist owners, consultants and contractors with the design, construction and restoration process. ENVIRONMENTAL: Phase I and II ESAs, wetland services, air emissions control, remedial investigations, corrective action design, asbestos and hazardous materials surveys. GEOTECHNICAL: Subsurface exploration reports and recommendations, pavement management, PDA pile driving analysis. MATERIALS: Engineering evaluation and consultation, field and laboratory testing, quality control observation and testing, IBC Special Inspections, nondestructive testing. FORENSIC: Failure/distress investigation, historic preservation/restoration, building envelope assessment. PETROGRAPHIC: Hardened concrete analysis, aggregate and material testing.

## Applications Research, Inc.

4927 St. Croix Ave.  
Golden Valley, MN 55422  
Phone: 763/521-0217  
Fax: 763/521-0269

Web Site: [www.applicationsresearch.com](http://www.applicationsresearch.com)  
E-Mail: [jmb@applicationsresearch.com](mailto:jmb@applicationsresearch.com)

**PRINCIPALS:** John M. Berner, PE

**FIELD OF PRACTICE:** Mechanical/Industrial/Electrical

**ACTIVITIES:** Consumer and business product design. Electrical and mechanical control system design. Vibration, fatigue and structural analysis. Mechanical power transmission, food-processing equipment, vehicles. Equipment safety, U.L. and other standard approval studies, manufacturing process analysis and factory automation systems. Mechanical/electrical software programming.

**PRINCIPALS:** Douglas W. Barr, John P. Borovsky, Doug E. Connell, Nancy J. Dent, Alan J. Fandrey, Dan J. Fetter, Dale W. Finnesgaard, Bill J. Forsmark, Al M. Gebhard, Mike J. Hansel, John O. Hanson, Beth T. Havlik, Jim P. Herbert, Mark W. Hibbs, Gregory D. Keil, Steven M. Klein, Chris A. Kopchynski, Leonard J. Kremer, Jim S. Langseth, Harry F. Larson, John T. Lee, Brian K. LeMon, Brad J. Lindaman, Dean T. Malotky, Steve E. Marshik, Tom D. Mattison, Nels P. Nelson, Robert C. Obermeyer, Rick J. Palm, Teresa J. Perry, George J. Pruchnofski, John E. Quist, Tom J. Radue, Clifton G. Rasch, David C. Rian, Ellen K. Richard, Don E. Richard, Henry M. Runke, Tim M. Russell, Mike R. Shoberg, Brian A. Sillanpaa, Timothy W. Skoglund, Philip B. Solseng, Lori L. Stegink, Paul T. Swenson, Joel A. Trinkle, Dan E. Umfleet, Dave J. Wilde, Ray W. Wuolo, Mike J. Ziemba

**FIELD OF PRACTICE:** Civil, Environmental, Chemical, Hydraulic, Structural, Industrial, Electrical, Mechanical and Geotechnical Engineering; Chemistry, Geology, Hydrology, Hydrogeology, Limnology, Biology, Soil Science and Atmospheric Science

**ACTIVITIES:** ASSESSMENT AND REMEDIATION: Site investigation and remediation; feasibility studies; waste characterization; property assessments; groundwater modeling. AIR QUALITY: Permitting assistance; regulatory analysis; dispersion modeling; stack testing; emission control. FACILITIES AND INFRASTRUCTURE: Dams; hydraulics; landfills; task management; waste minimization studies; mineland reclamation; tailing basins; foundations. PROCESS DESIGN: Design of the following types of systems: materials handling, transport and storage; treatment and processing for air, waste and water; HVAC; electrical power and controls; process controls. WATER RESOURCES: Water quality; watershed investigations; flood control; algae and milfoil surveys; NPDES permit assistance; wetland delineation, mitigation and permitting.

## Armstrong, Torseth, Skold and Rydeen

8501 Golden Valley Rd., #300  
Minneapolis, MN 55427-4414  
Phone: 763/545-3731  
Fax: 763/525-3289

Web Site: [www.atrs.com](http://www.atrs.com)  
E-Mail: [support@atrs.com](mailto:support@atrs.com)

**PRINCIPALS:** Paul Erickson, Jim Lange, Terry Stofferahn, Gaylen Melby, Dan Cincoski, Bob Gunderson, Terry Hochbein

**FIELD OF PRACTICE:** Mechanical, Electrical and Civil Engineering; Architecture, Planning, Interior Design, Landscape Architecture, Technology

**ACTIVITIES:** A full-service architectural/engineering firm founded in 1944. Offer services in educational planning, architecture, landscape architecture, mechanical engineering, electrical engineering, civil engineering, interior design, technology, specifications and construction administration. The firm's primary focus and extensive experience is educational facilities with projects throughout the United States.

## Ayres Associates Inc

2701 W. Superior St., Suite 110  
Duluth, MN 55806  
Phone: 218/722-7131  
Fax: 218/722-7165  
Web Site: [www.ayresassociates.com](http://www.ayresassociates.com)

3550 Lexington Avenue North  
Suite 210  
Shoreview, MN 55126  
Phone: 651/484-5415  
Fax: 651/484-5568

3433 Oakwood Hills Pkwy.  
Eau Claire, WI 54701  
Phone: 715/834-3161  
Fax: 715/831-7500

**PRINCIPALS:** Pat Quinn, PE; Dick Otis, PHD, PE; James Anklam, PE

**FIELD OF PRACTICE:** Transportation, Municipal, Environmental, Water Resources, Structural, architecture, Photogrammetry, Surveying, Environmental Science, Wastewater

**ACTIVITIES:** Ayres Associates is a multi-specialty architectural/engineering consulting firm that has assisted our public and private clients since 1959. Ayres Associates has a technical staff of more than 400 people specializing in transportation, civil, structural, water resources and river engineering; wastewater, municipal, architecture, environmental science, surveying, photogrammetry and automated mapping.

(16)

## Bass Associates

13533 Larkin Dr.  
Minnetonka, MN 55305  
Phone: 952/544-6079  
Fax: 952/544-6079

Web Site: [www.bassengineering.com](http://www.bassengineering.com)  
E-Mail: [jmb@bassengineering.com](mailto:jmb@bassengineering.com)

**PRINCIPALS:** John M. Bass, PE

**FIELD OF PRACTICE:** Forensic & Reliability Engineering

**ACTIVITIES:** Bass Associates provides complete forensic and reliability engineering services including field investigation, failure analysis and FMEA. John Bass is licensed and registered as both an electrical and mechanical engineer and has extensive experience resolving complex problems involving electrical, electronic and mechanical systems.

## Barr Engineering Company

4700 W. 77th St.

(295)

## R.W. Beck

1380 Corporate Center Curve, #305  
St. Paul, MN 55121  
Phone: 651/994-8415  
Fax: 651/994-8396  
Web Site: [www.rwbeck.com](http://www.rwbeck.com)  
E-Mail: [minneapolis@rwbeck.com](mailto:minneapolis@rwbeck.com)

**PRINCIPALS:** D. A. Berg

**FIELD OF PRACTICE:** Civil, Computer, Electrical, Mechanical, Energy Conservation & Communications, Hydraulics, Hydrology, Solid Waste, Structural, Industrial, Commercial

**ACTIVITIES:** Power supply planning; hydro and thermal generation; electric transmission and distribution, electric rate studies, financial and technical feasibility studies; dams; water supply, storage, distribution and treatment; irrigation systems; wastewater treatment; solid waste management; site studies and planning; streets, drainage; industrial facilities design; valuations and appraisals.

## BKBM Engineers, Inc.

5930 Brooklyn Blvd.  
Minneapolis, MN 55429-2518  
Phone: 763/843-0420  
Fax: 763/843-0421  
Web Site: [www.bkbm.com](http://www.bkbm.com)  
E-Mail: [bkbm@bkbm.com](mailto:bkbm@bkbm.com)

**PRINCIPALS:** Thomas J. Downs, Ronald J. LaMere, Roger L. Oberg, Andrew M. Rauch, John B. Thiesse, Thomas J. Cesare

**FIELD OF PRACTICE:** Structural, Civil, Restoration, Facilities Management, Construction Management

**ACTIVITIES:** Civil, structural, and restoration consulting services for buildings, industrial facilities. Structural design and investigations for buildings, and parking garages/ramps. Historic building preservation and evaluation studies.

## BKV Group, Inc.

222 N. 2nd St.  
Minneapolis, MN 55401  
Phone: 612/339-3752  
Fax: 612/339-6212  
Web Site: [www.bkvgroup.com](http://www.bkvgroup.com)

**PRINCIPALS:** J. Owen Boarman, AIA; David R. Kroos, AIA; Gary Vogel, AIA; Ted Redmond, AIA; Mike Krych, AIA; Bill Baxley, AIA; Victor Pechaty, AIA; Lew Moran; John Gould, AIA

**FIELD OF PRACTICE:** Architecture, Interior Design, Landscape Architecture, Mechanical, Electrical and Structural Engineering, Construction Administration

**ACTIVITIES:** Founded in 1978, BKV Group is an award winning 80+ person multi-disciplinary firm providing services for a wide range of market segments including Community Development, Corporate, Education, and Government. Collectively we represent a practice whose expertise is cross-disciplinary and team-focused. BKV Group offers mechanical, electrical, structural engineering utilizing technology integral with environmental issues to bring clients into a productive and efficient environment they can control and enjoy.

## Black & Veatch Corporation

5500 Wayzata Blvd., Suite 675  
Minneapolis, MN 55416  
Phone: 952/545-6695  
Fax: 952/545-6590  
Web Site: [www.bv.com](http://www.bv.com)

**PRINCIPALS:** Chad Hill, PE

**FIELD OF PRACTICE:** Water and wastewater design, distribution and collection system design and master planning. Civil, process, mechanical, electrical, instrumentation and control, architectural and financial planning.

**ACTIVITIES:** Black & Veatch Corporation is a leading global engineering, construction and consulting company specializing

(14)

in infrastructure development in the fields of energy, water and information. Founded in 1915, Black & Veatch serves its clients with conceptual and preliminary engineering services, engineering design, procurement, construction, financial management, asset management, information technology, environmental, security design and consulting, and management consulting services.

The water sector provides innovative, technology-based solutions to utilities, governments and industries worldwide. Local project managers work with a global team of water and wastewater treatment process experts to address site-specific challenges through a broad range of consulting, study, planning, design, design-build and construction management services.

The employee-owned company has more than 100 offices worldwide.

## Bluestone Engineering, LLC

2247 Cleveland Street NE  
Minneapolis, MN 55418-4018  
Phone: 612/486-9661  
Fax: 612/395-9223  
Web Site: [www.bluestoneengineering.com](http://www.bluestoneengineering.com)  
E-Mail: [dbrown@bluestoneengineering.com](mailto:dbrown@bluestoneengineering.com)

**PRINCIPALS:** David J. Brown, PE

**FIELD OF PRACTICE:** Civil, Environmental Engineering

**ACTIVITIES:** Services for public and private clients in civil and environmental engineering. Specialize in water supply, treatment, storage, and distribution system planning, design and construction administration; water emergency preparedness and conservation planning, master water planning, water rate studies, water system modeling, building information modeling (BIM), sustainable design.

Rochester, MN 55901  
Phone: 507/282-2100  
Fax: 507/282-3100

3721 - 23rd St. South  
St. Cloud, MN 56301  
Phone: 320/251-4553  
Fax: 320/251-6252

12075 N. Corporate Pkwy., Suite 200  
Mequon, WI 53092-  
Phone: 262/241-4406  
Fax: 262/241-4901

1860 West Winchester Road  
Suite 106  
Libertyville, IL 60048  
Phone: 847/816-1631  
Fax: 847/816-3762

**PRINCIPALS:** Robert Schunicht, Jerry Bourdon, Dave Bonestroo, Agnes Ring

**FIELD OF PRACTICE:** Civil, structural, electrical, and environmental engineering; traffic and transportation planning and engineering; water and natural resources engineering and consulting; landscape architecture; GIS.

**ACTIVITIES:** Bonestroo is a full-service engineering and planning firm. Our comprehensive range of urban planning and design experience includes infrastructure development and rehabilitation projects; wastewater collection and treatment facilities; infiltration and inflow studies and sewer rehabilitation; water supply, storage, distribution and treatment projects; traffic studies and signal design; transportation thoroughfare and corridor planning; trails; transit facilities; erosion and sediment control; wetland and upland protection and management; stormwater management and permitting; bridge design and condition analyses; and dams and flood control. We provide municipal facility planning and design for new and renovated structures; site selection studies; indoor and outdoor electrical service design; parks, golf courses, recreational fields, ice arenas and aquatic facilities; construction services including surveying, staking, and observation; and data management and mapping. We also provide assistance in securing grants and

funding. Bonestroo's wholly owned subsidiary, Northern Environmental, provides additional services in the areas of contaminant management/remediation, property assessment/improvement, and environmental compliance.

## David Braslau Associates, Inc.

1313 - 5th St. S.E., #322  
Minneapolis, MN 55414  
Phone: 612/331-4571  
Fax: 612/331-4572  
Web Site: [www.braslau.com](http://www.braslau.com)  
E-Mail: [david@braslau.com](mailto:david@braslau.com)

**PRINCIPALS:** David Braslau, PhD, PE

**FIELD OF PRACTICE:** Acoustics/Noise Control; Air Quality Studies; Environmental Assessment Worksheets and Impact Statements

**ACTIVITIES:** Acoustics and environmental noise control, including sound measurement, noise evaluation and control (all sources), architectural and building acoustics (room design and sound control), vibration studies; air quality analysis; environmental assessments including preparation of EAWs and EISs and Indirect Source Permits; transportation forecasting, planning and analysis with emphasis on modeling and economic analysis.

(1)

(351)

Janssen, George D. Kluempke, Keith S. Rosvold  
**FIELD OF PRACTICE:** Geotechnical Engineering; Environmental Consulting; Pavement Engineering; Construction Materials Testing; Nondestructive Examination Services; Laboratory Analysis

**ACTIVITIES:** Multi-disciplinary engineering, environmental and testing firm serving clients as a consultant in property development and redevelopment issues ranging from pre-project, geotechnical and environmental evaluations through design, construction and ongoing facility maintenance.

### Brown and Caldwell

30 7th Street E  
Suite 2500  
St. Paul, MN 55101  
Phone: 651/298-0710  
Fax: 651/298-1931

Web Site: [www.browncaldwell.com](http://www.browncaldwell.com)  
E-Mail: [tblock@brwncald.com](mailto:tblock@brwncald.com)

**PRINCIPALS:** Timothy J. Block

**FIELD OF PRACTICE:** Environmental Consulting and Engineering

**ACTIVITIES:** Brown and Caldwell provides full service environmental consulting and engineering for municipal and industrial clients in the areas of wastewater, potable water, watershed management, remediation and regulatory compliance/environmental assessment.

### Buildings Consulting Group, Inc.

2817 Anthony Lane South, #201  
Minneapolis, MN 55418  
Phone: 612/789-6696  
Fax: 612/789-6397

Web Site: [www.bcgmn.com](http://www.bcgmn.com)  
E-Mail: [general@bcgmn.com](mailto:general@bcgmn.com)

**PRINCIPALS:** Lewis Y. Ng, Keith A. Pashina, Louis K. Ho, Steven M. Talafous

**FIELD OF PRACTICE:** Civil, Structural and Material Engineering Consulting

**ACTIVITIES:** Consulting engineering in: (1) structural engineering design and (2) restoration engineering - evaluation of existing condition, analysis of material and structural failure, material performance studies, design of renovation and repair programs, implementation of maintenance program and project management of renovation projects.

### Burns & McDonnell

8201 Norman Center Drive, Suite 150  
Bloomington, MN 55437  
Phone: 952/288-4740  
Fax: 952/

Web Site: [www.burnsmcd.com](http://www.burnsmcd.com)  
E-Mail: [gsieve@burnsmcd.com](mailto:gsieve@burnsmcd.com)

**PRINCIPALS:** Gene Sieve, PE

**FIELD OF PRACTICE:** Civil, Construction Management, Electrical, Energy Conservation, Environmental, Geotechnical, Mechanical, Municipal, Structural, Surveying and Transportation

**ACTIVITIES:** Comprehensive professional engineering and design-build services for private industry and government. Major service sectors include: aviation; civil works; community development; air quality; transportation; hazardous and solid waste management; water supply and water resources; stormwater management and flood control; wastewater; environmental studies; military and defense facilities, commercial, institutional, & industrial facilities; security systems; industrial energy; power generation, transmission, and distribution; chemical process; petrochemicals and food, management services, healthcare facilities.

### Cain Ouse Associates, Inc.

1310 E. Hwy. 96  
White Bear Lake, MN 55110

Phone: 651/426-9549

Fax: 651/426-5048

Web Site: [www.cainouse.com](http://www.cainouse.com)

E-Mail: [jcain@cainouse.com](mailto:jcain@cainouse.com)

**PRINCIPALS:** Jay J. Cain, Wallace M. Ouse, Scott D. Thomas

**FIELD OF PRACTICE:** Mechanical and Electrical Engineering

**ACTIVITIES:** Mechanical and electrical engineering including design and construction support for commercial, industrial and institutional applications. This includes schools, hospitals, factories, restaurants, offices, multifamily housing, and casinos and the fire protection, HVAC, plumbing, piping, lighting, electrical distribution, control, automation and communications systems required for those facilities. Services are also provided for street lighting, athletic lighting, energy conservation projects as well as commissioning.

### CC & I Engineering, Inc.

150 2nd Street SW  
Perham, MN 56573-1405  
Phone: 218/346-3600  
Fax: 218/346-3610

Fax: 763/557-0710  
Web Site: [www.CraneEngineering.com](http://www.CraneEngineering.com)

E-Mail: [info@CraneEngineering.com](mailto:info@CraneEngineering.com)

**PRINCIPALS:** Thomas R. Crane, PE

**FIELD OF PRACTICE:** Mechanical Engineering, Forensic Engineering, Metallurgical Engineering, Electrical Engineering, Fuel Gas Systems, Engineering and Fire Investigation, Materials Analysis, Scanning Electron Microscopy Analysis, Chemistry Consultation, Building Sciences and Failure Analysis

**ACTIVITIES:** Mechanical engineering services for product design and development. Metallurgical engineering services for product design and development, failure analysis, fatigue design and materials application. Chemistry and metallurgical laboratory services and Scanning Electron Microscopy for materials analysis and product development. Fire science and fire investigation services for post-fire incident analysis and laboratory services for fire and explosion research and testing. Forensic engineering services for accident and product investigation and evaluation. Consultation for product liability loss prevention. Litigation support for subrogation investigation, products liability evaluations and expert witness testimony.

## Darg, Bolgrean, Menk, Inc.

7575 Golden Valley Rd., #210  
Golden Valley, MN 55427  
Phone: 763/544-8456

4742 N. Oracle Road, Suite 310  
Tucson, AZ 85705-1675  
Phone: 520/299-0992  
Fax: 520/299-2133

**PRINCIPALS:** Alan W. Manning, Terrance M. Brueck, Clyde Younkin, Melanie Rettie, Craig Yokopenic

**FIELD OF PRACTICE:** EMA works with utilities, local governments, and manufacturers to improve performance. Innovative optimization services help organizations reduce costs up to 30 percent, while enhancing service delivery and increasing customer satisfaction. EMA specializes in engineering; asset and infrastructure management; organizational optimization; organizational learning; performance management; management mentoring; workforce flexibility; best work practices; resource utilization; finance and human resource practice integration; and innovative technologies.

**ACTIVITIES:** Engineering services include process and control system assessments, feasibility studies and master plans; standards development; instrument and control system design; application software development; factory testing, installation supervision, start-up assistance, construction management; integration with other business enterprise applications; application software training, O&M manuals; cyber and network security; operations optimization; and wireless and mobile operator interfaces.

## Emanuelson Podas, Inc.

10401 Bren Rd. E  
Minnetonka, MN 55343-  
Phone: 952/930-0050  
Fax: 952/930-0777  
E-Mail: [svanderheiden@epinc.net](mailto:svanderheiden@epinc.net)

**PRINCIPALS:** Michael Webert, PE; Scott Vander Heiden, PE; Matthew Fults, PE

**FIELD OF PRACTICE:** Mechanical, Electrical

**ACTIVITIES:** Preparing mechanical and electrical plans and specifications for building and construction and energy system analysis. Mechanical work includes plumbing, heating, ventilation, air conditioning and controls. Electrical work includes lighting, power, communications and controls.

## Emmons & Olivier Resources, Inc.

651 Hale Avenue North  
Oakdale, MN 55128  
Phone: 651/770-8448  
Fax: 651/770-2552  
Web Site: [www.eorinc.com](http://www.eorinc.com)  
E-Mail: [snelson@eorinc.com](mailto:snelson@eorinc.com)

604 W 1st Street  
PO Box 64  
Park Rapids, MN 56470  
Phone: 218/732-3323  
Fax: 218/237-3787

**PRINCIPALS:** Brett Emmons, Cecilio Olivier

**FIELD OF PRACTICE:** Civil and Environmental

**ACTIVITIES:** Multi-disciplined engineering, resources management and surveying services. Specialties in the water resources, natural resources and watershed engineering fields. Innovative and practical approaches to complex engineering and resource problems. Able to carry organizations and projects from preliminary planning to project alternatives analysis to implementation. Surveying and conservation design for commercial and residential development.

## Encompass, Inc.

14850 Martin Drive  
Eden Prairie, MN 55344  
Phone: 952/854-4511  
Fax: 952/854-3126  
Web Site: [www.encompassinc.com](http://www.encompassinc.com)  
E-Mail: [rob@encompassinc.com](mailto:rob@encompassinc.com)

**PRINCIPALS:** Howard Noziska, Kent Jones, Curt Isernhagen  
**FIELD OF PRACTICE:** Construction Management, Structural Engineering, and Forensic Engineering

**ACTIVITIES:** Forensic/structural engineering firm offering rehabilitation and new project services. Rehabilitation services include condition documentation, engineering analysis, repair/restoration recommendations, preparation of plans and specifications and project administration. New project services include structural design, owner's representation/construction management, construction inspection and plan and specification review.

## Engineering Design Initiative, Ltd.

420 N Fifth St, Suite 565  
Minneapolis, MN 55401  
Phone: 612/343-5965  
Fax: 612/343-5982  
Web Site: [www.edilimited.com](http://www.edilimited.com)  
E-Mail: [jhruby@edilimited.com](mailto:jhruby@edilimited.com)

**PRINCIPALS:** Larry D. Svitak, PE; Jay S. Hruby, PE

**FIELD OF PRACTICE:** Mechanical/Electrical

**ACTIVITIES:** Engineering Design Initiative is a professional mechanical and electrical engineering firm which specializes in the design of heating, ventilation, air-conditioning systems, power, security, lighting, plumbing, fire protection, life safety systems, communication systems, feasibility studies, energy conservation studies, building commissioning, energy modeling, and daylight modeling services. We provide these services for educational, corporate and institutional facilities.

## Ericksen Roed & Associates, Inc.

**FIELD OF PRACTICE:** Structural

**ACTIVITIES:** Full service professional structural engineering relating to construction documents and specifications on commercial, medical, industrial, sports facilities. Construction observations, reports and forensic engineering, aircraft hangers, engine maintenance shops, test cells, seismic masses and retail facilities.

## Environmental Resources Management (16)

190 East 5th Street  
Suite 255  
St. Paul, MN 55101  
Phone: 651/225-4554  
Fax: 651/225-4655  
Web Site: [www.erm.com](http://www.erm.com)

**PRINCIPALS:** Brian Whiting, Dan Reinke, PE; Chris Weggemann

**FIELD OF PRACTICE:** Environmental

**ACTIVITIES:** ERM is a full service environmental firm offering services locally and globally including: environmental site assessments (Phase I, II); Environmental, Health and Safety compliance, vapor intrusion assessment, remediation, air quality, permitting, and sustainability.

## ESI Engineering, Inc. (5)

7831 Glenroy Rd., #430  
Minneapolis, MN 55439  
Phone: 952/831-4646  
Fax: 952/831-6897  
Web Site: [www.esi-engineering.com](http://www.esi-engineering.com)  
E-Mail: [dpederson@esi-engineering.com](mailto:dpederson@esi-engineering.com)

**PRINCIPALS:** R. Barry Whiteaker

**FIELD OF PRACTICE:** Structural Engineering, Stress Analysis, Vibration/Noise Engineering and Monitoring

**ACTIVITIES:** Structural Engineering: Finite element stress analysis of buildings, machinery and equipment. Vibration/Noise Engineering: Vibration control and isolation design of buildings, foundations and equipment; vibration and noise testing.

## Fagen Engineering LLC (42)

501 West Highway 212  
P.O. Box 159  
Granite Falls, MN 56241  
Phone: 320/564-4573  
Fax: 320/564-4861  
Web Site: [www.fageneng.com](http://www.fageneng.com)  
E-Mail: [jaustgen@fageneng.com](mailto:jaustgen@fageneng.com)

**PRINCIPALS:** John Austgen, Josh Mulder

**FIELD OF PRACTICE:** Civil, Electrical, Mechanical, Process and Structural

**ACTIVITIES:** Fagen Engineering LLC is a growing, full-service design engineering firm, offering complete civil, structural, mechanical, and electrical engineering design services. The firm was formed in 1996 to assist Fagen, Inc. with a professional design firm to support the construction process, the ability to offer detailed design capabilities, and the capability to provide complete design-build services. Since its formation, Fagen Engineering LLC has also become recognized as a solid engineering firm in its own right.

## Follestad & Barrett Associates, Inc. (4)

2300 Kennedy Street NE  
Suite 50  
Minneapolis, MN 55413

Phone: 612/333-4341

Fax: 612/344-1115

E-Mail: [fbengineers@integra.net](mailto:fbengineers@integra.net)

**PRINCIPALS:** Bruce E. Follestad, Bob Barrett

**FIELD OF PRACTICE:** Mechanical, Electrical, Energy Conservation

**ACTIVITIES:** Mechanical and electrical systems design for schools, churches, hospitals and all manner of commercial and industrial buildings for both private and public ownership including local, state and federal governmental agencies. Design work, plans and specifications for plumbing, heating, ventilating, air conditioning, refrigeration, temperature control, lighting, electrical power distribution, signal and data and life-safety systems. Engineering consultation, feasibility studies and reports. We operate as consultants to architects in the building design field or work directly for building owners.

## Foster, Jacobs & Johnson, Inc. (15)

345 Canal Park Dr., #200  
Duluth, MN 55802  
Phone: 218/722-3060  
Fax: 218/722-1931  
Web Site: [www.fji.com](http://www.fji.com)  
E-Mail: [jimj@fji.com](mailto:jimj@fji.com)

**PRINCIPALS:** James R. Johnson, President; Charles F. Jacobs, Treasurer

**FIELD OF PRACTICE:** Mechanical, Electrical

**ACTIVITIES:** Mechanical and electrical design of commercial, industrial, medical, educational, hotel, apartment and shopping complexes, boiler plants, district heating, traffic control, street lighting, airport lighting and control, as well as electrical distribution, power factor studies, energy conservation and energy studies.

## Futrell Fire Consult & Design Inc. (5)

8860 Jefferson Highway  
Osseo, MN 55369-1500  
Phone: 763/425-1001  
Fax: 763/425-2234  
Web Site: [www.fcdi.com](http://www.fcdi.com)

**PRINCIPALS:** Dr. Richard Pehrson, PE

**FIELD OF PRACTICE:** Fire Protection Engineering & Code Consulting

**ACTIVITIES:** Municipal Plan Review Services; Fire Protection Engineering; Fire Sprinkler System and Fire Suppression System Design Services; Inspections of Fire Protection Systems; Loss Control Services; Code Review; Fire Modeling and Research; Life safety Programs; Catastrophic Fire and Explosion Investigation: including expert testimony; Smoke Control Design, testing and inspection; Special Hazards; Code alternatives, equivalencies and performance-based design; Fire Risk assessment, including the prediction of fire development, egress, toxicity, and fire protection system response.

## Gale-Tec Engineering, Inc. (4)

801 Twelve Oaks Center Drive  
Suite 832  
Wayzata, MN 55391  
Phone: 952/473-7193  
Fax: 952/473-1492  
Web Site: [www.gale-tec.com](http://www.gale-tec.com)  
E-Mail: [smg@gale-tec.com](mailto:smg@gale-tec.com)

**PRINCIPALS:** Stephan M. Gale, Suzanne S. Gale

**FIELD OF PRACTICE:** Civil-Geotechnical Engineering and Geosynthetic Engineering

**ACTIVITIES:** Gale-Tec provides geotechnical and specialty geosynthetic, civil, soil/structural and dam engineering for the transportation, mining and building industries. Specialties include subsurface exploration studies, shallow/deep building and bridge foundation studies, road embankment and pavement studies, landslide evaluations and repair designs, grade separation structure designs including RSS, MSEW, temporary/permanent helical pier, soil nail and rock anchor

bracing systems and grass faced retaining walls, tailings basin and dike design and management, geosynthetic product development and geomembrane liner design.

**PRINCIPALS:** Joseph W. Hallberg, PE; James R. Penkivech, PE

**FIELD OF PRACTICE:** Mechanical Engineering, Electrical Engineering, Technology, Energy Conservation, Commissioning, Schools for Energy Efficiency (SEE) Program

**ACTIVITIES:** Hallberg Engineering specializes in mechanical, electrical, technology, and facility management engineering services for educational, commercial, retail, institutional, health care and correctional facilities. Mechanical services include HVAC and plumbing design, ventilation audits and system modification to improve indoor air quality. Electrical and technology services include design for power distribution, lighting, fire alarms, security systems and technology infrastructure. Our commissioning group performs mechanical and technology commissioning for new and existing facilities. The Schools for Energy Efficiency (SEE) program provides schools with the tools to save energy and money through promoting communicating and implementing energy-efficient strategies.

E-Mail: [dave@heyser-eng.com](mailto:dave@heyser-eng.com)

**PRINCIPALS:** Dave Bruns, PE

**FIELD OF PRACTICE:** Structural

**ACTIVITIES:** Heyer Engineering was founded in 1983 with offices in Minneapolis, MN and Fargo, ND. We specialize in structural engineering using cutting edge technology, innovation and experience to create design solutions for a myriad of projects of nearly every scope and tone. Heyer Engineering has completed more than 5,000 projects in 40 states, including all types of occupancies and construction materials. Projects range from simple one-story buildings to a complex \$25 million Northwest Aerospace Training Center for Northwest Airlines in Eagan, MN, the \$78 million Innovis Health medical center in Fargo, ND, and the \$100 million Ralph Engelstad Hockey Arena at UND in Grand Forks, ND.

We have designed projects for several Government agencies including the North Dakota and Minnesota Army and Air National Guard, the US Postal Service, US Air Force, North Dakota, Minnesota, and Wisconsin Board of Higher Education, the Veterans Administration and the GSA.

**PRINCIPALS:** William D. Bennett, David M. Sheedy, Richard A. Carter, Jay B. Bergman, David J. Bjerkness, Steven H. McNeill, Joseph D. Litman, Timothy E. Korby, Dan A. Heldt, David T. Williams, Michael A. Fischer, Kevin C. Holm, Kim D. Bretheim, Thomas R. Cook, Even C. Aljoe

**FIELD OF PRACTICE:** Civil, Structural, Architecture, Landscape Architecture, Land Surveying, Mechanical, Electrical, Healthcare Design, Interior Design, Education, Housing, Government, Public Works & Site Design, Pipeline, Commercial, Industry, Building Performance and Urban Design and Planning.

**ACTIVITIES:** Established in 1966, LHB serves clients in education, government, healthcare, commercial, industry, pipeline, housing, and public works. LHB creates quality documents, which incorporate high performance and design excellence to accomplish our clients' goals. Our staff of 160 provides architecture, interior design, landscape architecture, land survey and civil, electrical, mechanical, and structural engineering.

## Liesch Associates, Inc.

(60)

13400 -15th Ave. North

Minneapolis, MN 55441

Phone: 763/489-3100

Fax: 763/489-3101

Web Site: [www.liesch.com](http://www.liesch.com)

E-Mail: [liesch@liesch.com](mailto:liesch@liesch.com)

**PRINCIPALS:** John C. Lichter, PE; Brian B. Liesch, Kenneth P. Olson, CPG; Hal Summitt, PE; Jim de Lambert; Dana Wagner, CHMM

**FIELD OF PRACTICE:** Environmental Consulting and Engineering

**ACTIVITIES:** Full service environmental consulting and engineering in the areas of environmental compliance services - environmental site assessments; groundwater/soil monitoring and remediation; municipal and industrial services including wastewater treatment, water supply, distribution and treatment, air quality permitting, compliance audits, OSHA/health & safety services, remedial design and other permitting assistance. Liesch furnishes surveys, abatement specifications and monitoring for requested materials in structures including asbestos, lead paint and hazardous materials.

## LKPB Engineers, Inc.

(48)

Winsor Office Plaza

1935 W. County Rd. B2, #300

St. Paul, MN 55113-2722

Phone: 651/633-1223

Fax: 651/633-1355

Web Site: [www.lkpb.com](http://www.lkpb.com)

E-Mail: [karla.sampson@lkpb.com](mailto:karla.sampson@lkpb.com)

**PRINCIPALS:** Leonard A. Lundquist, PE; Gayland J. Bender, PE; Peter A. Potvin, PE; John M. Killeen, PE; Jon D. Haack, PE  
**FIELD OF PRACTICE:** Mechanical and Electrical Engineering  
**ACTIVITIES:** LKPB is a professional mechanical and electrical consulting engineering firm that provides services for the following types of facilities: medical, senior assisted living, post-secondary education, industrial, corporate office, commercial/retail, recreational and municipal. Design expertise in HVAC, plumbing, refrigeration, site utilities, lighting, power, communication, security systems, fire protection/life safety systems, life cycle costing, LEED Green Building, value engineering, energy conservation and management, commissioning, maxi-audits and feasibility studies/reports.

### Loucks Associates

7200 Hemlock Lane, Suite 300  
Minneapolis, MN 55369  
Phone: 763/424-5505  
Fax: 763/424-5822

Web Site: [www.loucksassociates.com](http://www.loucksassociates.com)  
E-Mail: [home@loucksassociates.com](mailto:home@loucksassociates.com)

**PRINCIPALS:** Thomas G. Loucks, Paul J. McGinley, L.S.; Jeffrey A. Shopek, PE; Michael St. Martin, PE; Paul Kangas, ASLA  
**FIELD OF PRACTICE:** Civil Engineering, Land Surveying, Landscape Architecture, Land Use Planning and Environmental Services

**ACTIVITIES:** Loucks Associates provides consulting services in the areas of civil engineering, land surveying, construction site staking, land planning, landscape architecture, construction site management, and environmental compliance. Engineering services include infrastructure and site design, hydrology and water quality plans and related field services. Planning services encompass both urban and regional planning, GIS land use, zoning and feasibility studies. Land surveying capabilities range from title, condominium plats, boundary and topography surveys, to easements and construction staking. Environmental services include permitting, site assessment, environmental review and regulatory compliance. Landscape architecture services include golf/resort planning, parks and open space design, and site design, for all types of projects.

11110 Industrial Circle NW, Suite E  
Elk River, MN 55330  
Phone: 763/241-0108  
Fax: 763/241-8351

**PRINCIPALS:** Scott Harri, PE; Dana Swindler

**FIELD OF PRACTICE:** Civil Engineering, Planning, Landscape Architecture, Land Surveying, Environmental Services

**ACTIVITIES:** Schoell Madson is a full-service consulting firm offering comprehensive services to a diverse group of public and private clients since 1956. Engineering services include studies, infrastructure planning and design, hydrology and water quality plans, site design, grading plans, project management and related field services. Planning/landscape architectural services include municipal planning, site planning, landscape design, Geographic Information Systems (GIS), subdivision design and irrigation system design. Surveying services include boundary/ALTA surveys, topographic surveys, construction staking, GPS (Global Positioning) Surveys, record plats, condominium platting (CICs) and mapping. Environmental services include wetland delineation and mitigation design, permitting activities, Phase I environmental site assessments, Environmental Assessment Worksheets (EAW) and Environmental Impact Statements (EIS).

### Sebesta Blomberg & Associates, Inc.

2381 Rosegate  
Roseville, MN 55113-0020  
Phone: 651/634-0775  
Fax: 651/634-7400
